

# 360° Revolving Basket

## 【PRODUCT NAME】

360° Revolving Basket

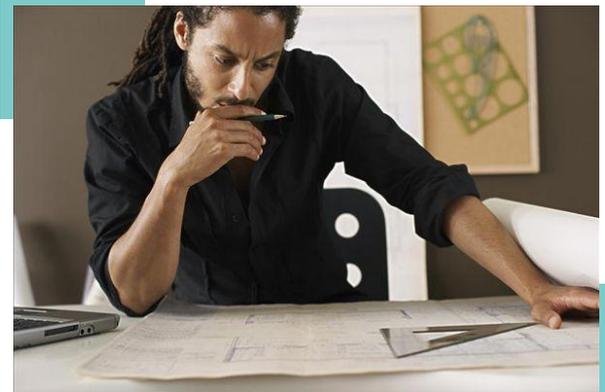

## 【PRODUCT DESCRIPTION】

This 360° revolving basket is height adjustable. It is suitable for the installation of the corner of 500 mm, 600 mm, 700 mm, and 800 mm wide cabinets. It can make the most of your cabinet space.

## DESIGN CONCEPT

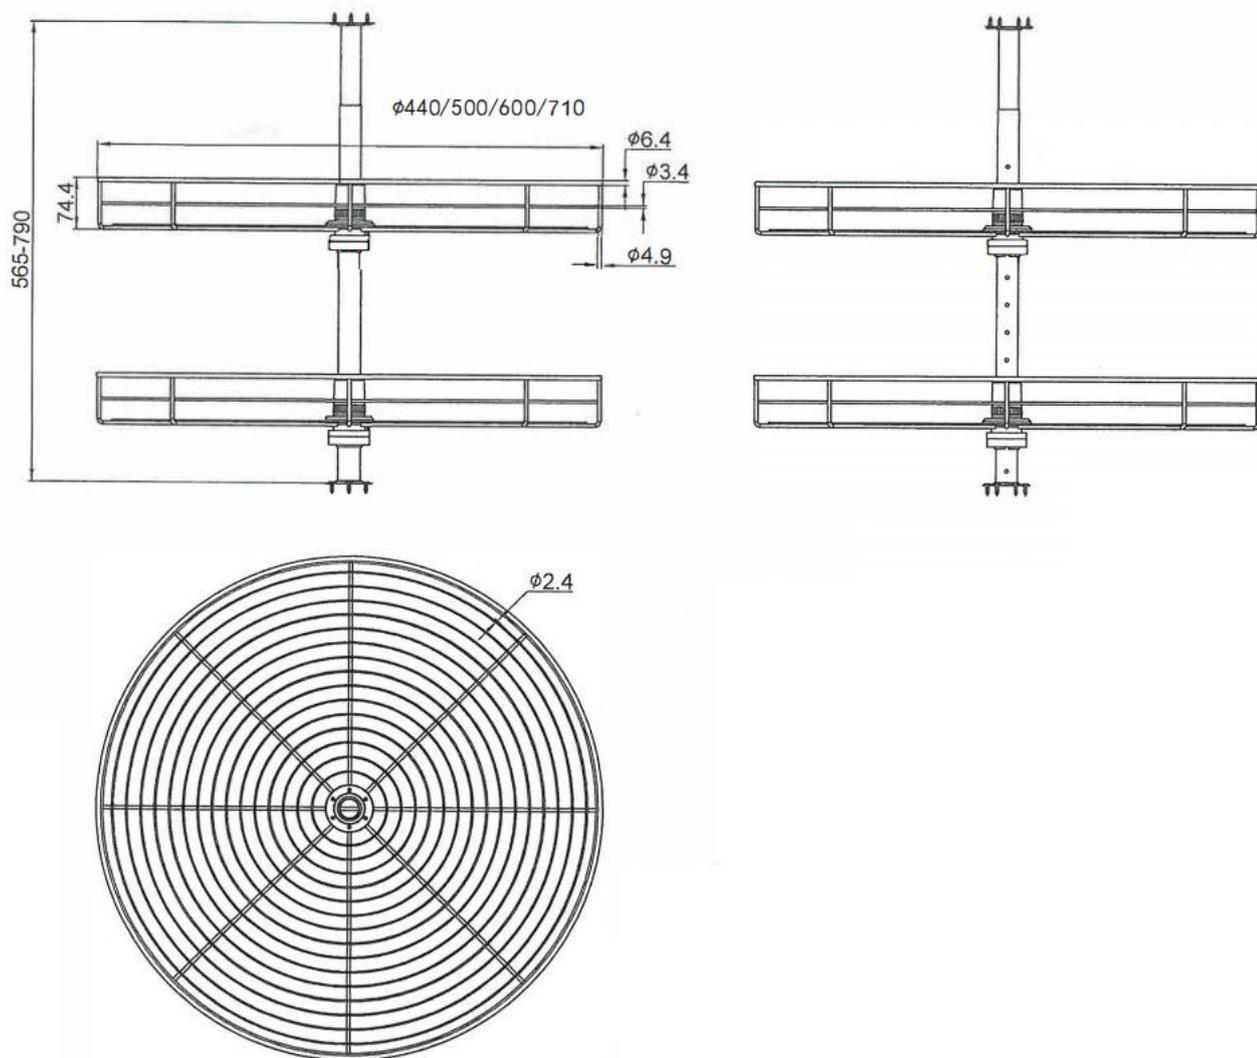

The 360° revolving basket is to make the most of the T-zone or U-zone in the corner of the cabinets. It is convenient to store and take your things by rotating the basket.

## PRODUCT FEATURES

- :: 360° cabinet basket with double-layer design; suitable for 500 mm, 600 mm, 700 mm, and 800 mm wide cabinets; height adjustable.
- :: Multi-layer plating: smooth and shiny surface with strong rust and oxidation resistance.
- :: Laser welding: exquisite craftsmanship, burr-free surface, smooth and solid welding joints, well-matched wires.
- :: The baskets are available in diameters of 440, 500, 600, and 710 mm and are suitable for cabinets with a width of 500, 600, 700, and 800 mm respectively. The height of the basket from 565 to 790 mm can be adjusted according to the cabinet.

## NOTES OF ORDERING

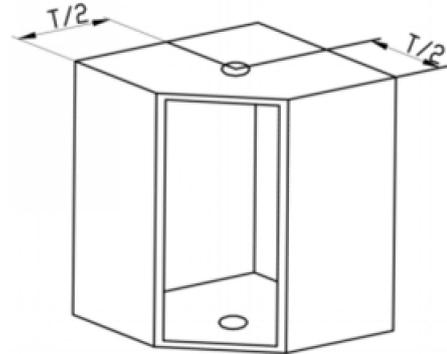

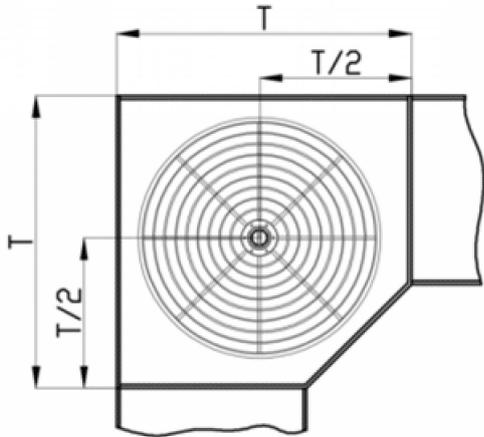

:: This product is made of chrome-plated iron. Please specify your demand if you need a stainless steel basket when placing your order.

:: This product is available in four sizes to suit different widths of cabinets. Please select one according to your needs.

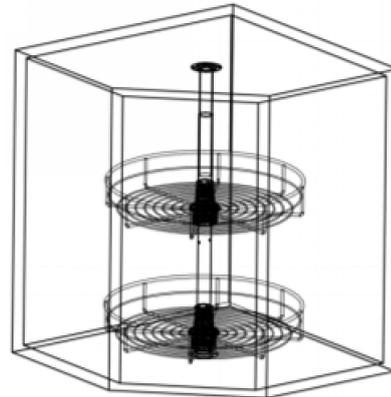

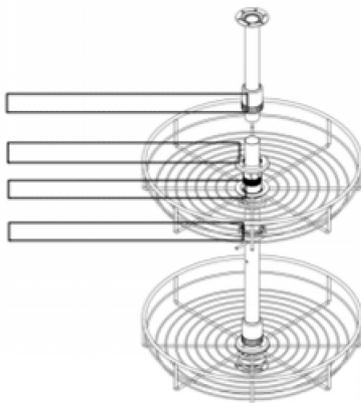

# INSTALLATION GUIDE

Step 1: Draw two auxiliary circles on the top and bottom plates as shown.

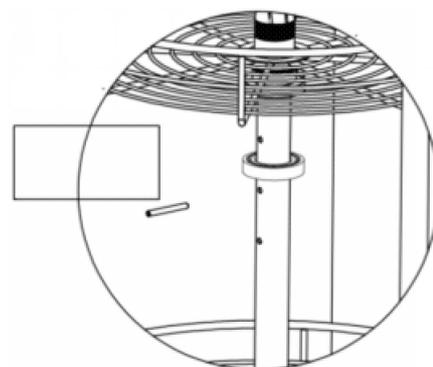

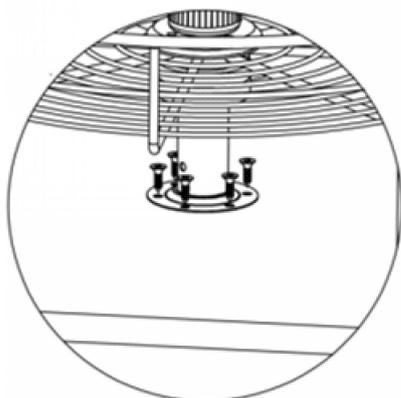

Step 2: Assemble the basket onto the tube. Please pay attention to the order of the plastic parts.

Step 3: Place the basket in the cabinet based on the auxiliary center point and adjust the angle of the basket.

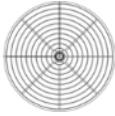

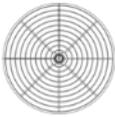

Step 4: Fix the top and bottom of the tube to base with ten ST3.5\*16 screws.

Step 5: Adjust the height of the basket to a proper position with the bolt and tighten the plastic parts.
