

Spice Rack Pull Down Shelf

【PRODUCT NAME】

Spice Rack Pull Down Shelf

【PRODUCT DESCRIPTION】

The spice rack pull down shelf is a chrome-plated two-tier pull-down shelf that brings hard-to-reach items down 10.8" while pulling out 10.8" from the cabinet. This functional pullout features a unique gas-assisted lifting/lowering mechanism that provides unparalleled stability through the entire range of motion. The Pull-Down Shelving System includes both side and bottom mount brackets and is available for 24", 28", 32", or 36" wall cabinets.

DESIGN CONCEPT

To make the most of the space in the kitchen, our cabinets are often designed to be high. We would put less frequently used items such as some spice utensils in the upper cabinets. This makes good use of the space in the kitchen, but it can be inconvenient to get things out every time. Do you also drag the dining room chairs into the kitchen to get things from the wall cupboards, stand on them to get things, and then move the chairs back into the dining room? To avoid such trouble, we have designed this spice drop-down shelving system. Isn't it so much more convenient?

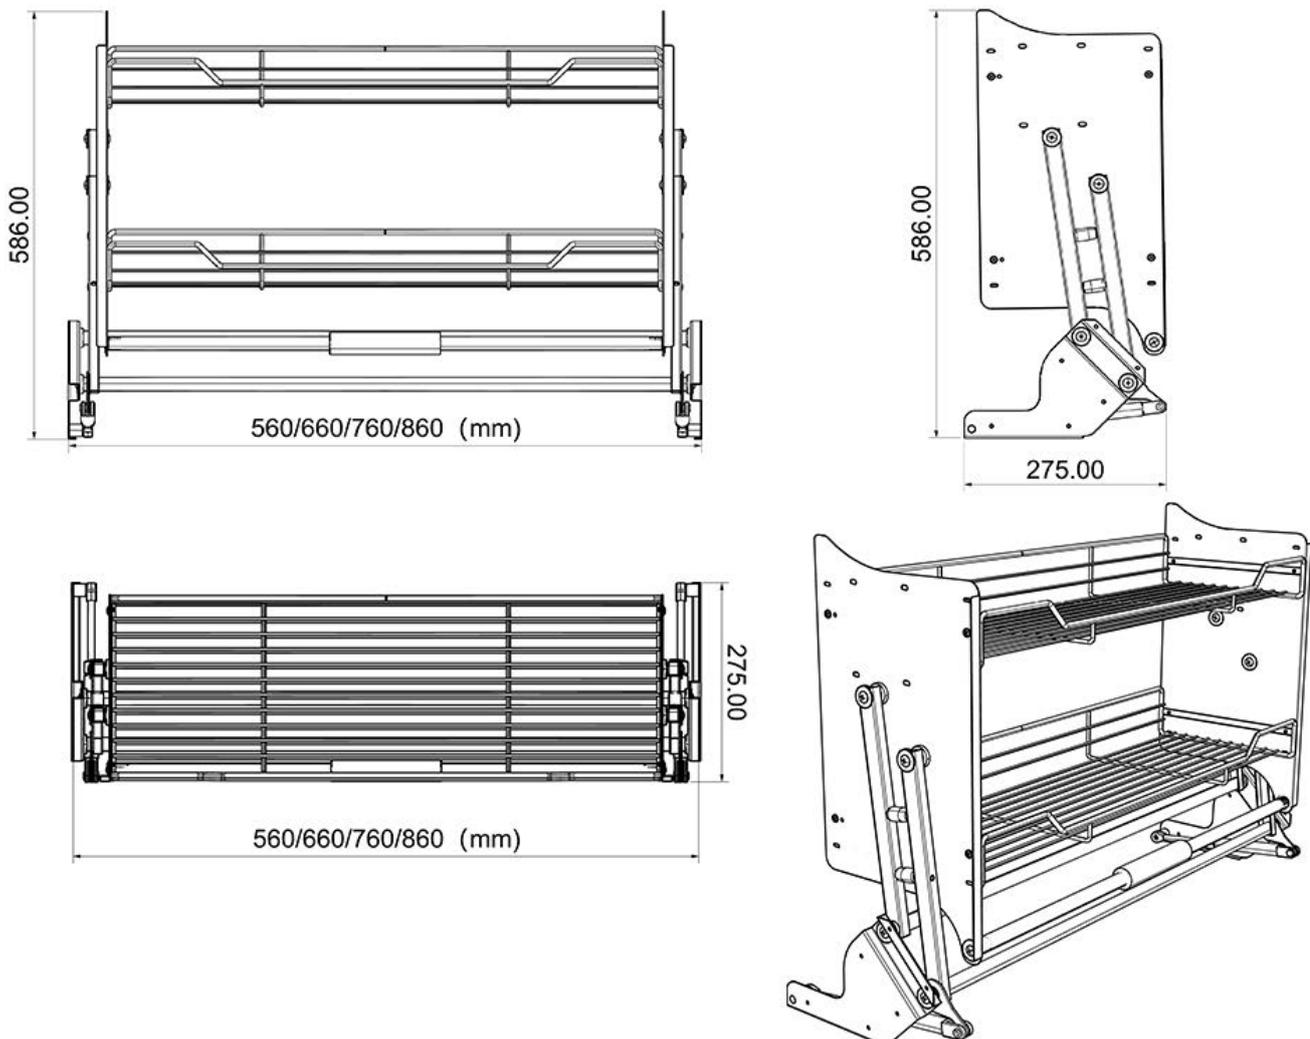

PRODUCT FEATURE

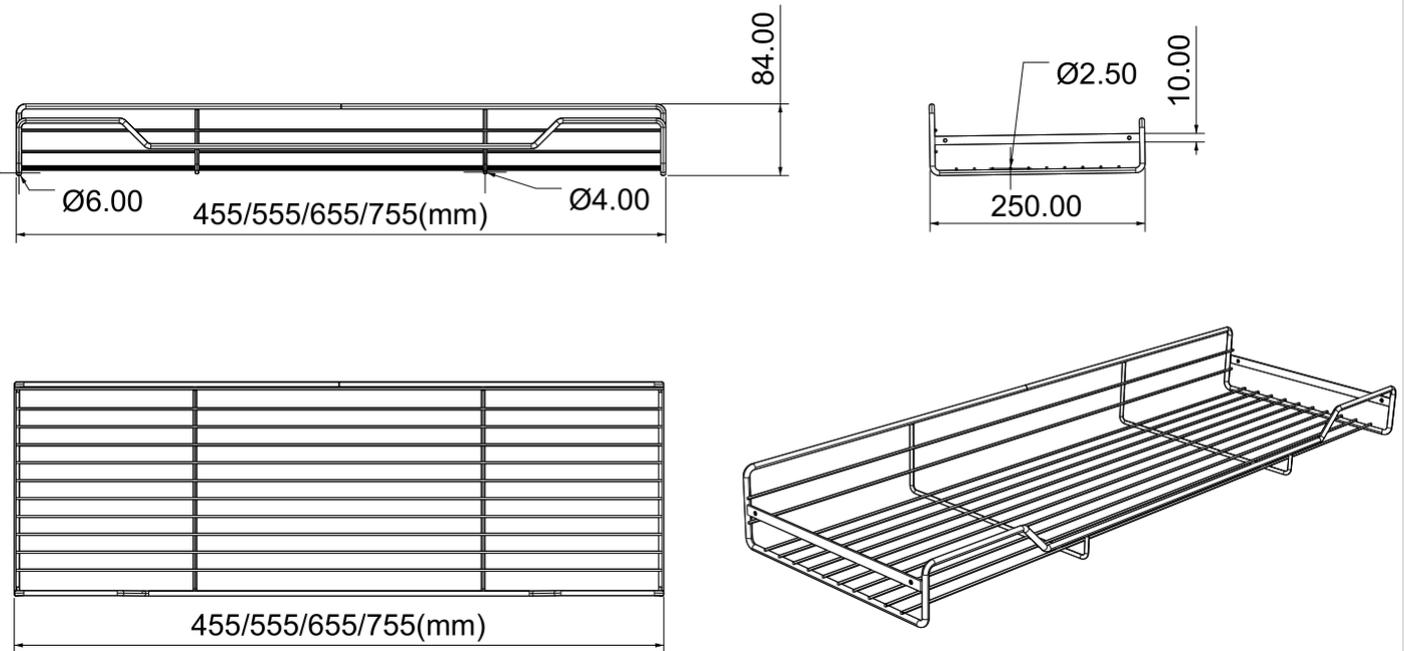

- :: **BRING IT TO YOU:** Bring dish and tableware to you with this convenient gas-assisted 2-tier cabinet pull-down locking shelving system that is capable of pulling down 10.8-inches and pulling 10.8 inches out of your cabinets.
- :: **EXTRA DURABILITY:** Heavy-gauge wire construction provides extra durability and elegance, and a storage solution for spices utensils.
- :: **EASY INSTALLATION:** Easily mounts to the floor or interior side of a wall cabinet, and is designed to fit in any wall cabinet with a width of 24", 28", 32", or 36".
- :: **DIMENSIONS:** (W x D x H): (22"-34")W x 11"D x 23"H.
- :: **INCLUDES:** one pull-down shelf system and mounting hardware.

PRODUCT SPECIFICATION
