

Canvas Laundry Basket with Wheels

【PRODUCT NAME】

Canvas Laundry Basket with Wheels

【SKU】

33.36.16000100

【PRODUCT DESCRIPTION】

This is a removable laundry basket with wheels, which is suitable for the storage of dirty clothes, children's toys, etc

DESIGN CONCEPT

A clean and tidy home can make us feel good and means a quality life. It's hard to believe that a musty home where the dirty clothes are thrown all over the bed and sofa will be pleasant.

This mobile laundry basket with wheels, easy to move, can hold dirty clothes as well as your kids' toys.

PRODUCT FEATURES

- :: Solid and stable painted steel frame with tough steel wires in a diameter of 8mm: the frame is hand-welded and treated with black car baking paint for beautiful and soft color. It is sturdy and stable with a surface without rust and with no paint loss. The frame is easy to scrub and not easy to deform. The maximum load capacity is 90kg.
- :: Tough and breathable cotton canvas fabric: 16 ounces 100% cotton canvas is used for laundry bags, with high abrasion resistance and reasonable thickness. The bag is breathable, odorless, and feels great. It can keep clothes from touching the steel frame. The beige style makes it simple.
- :: Leather-wrapped edge, push and pull one: use metal connectors to fix high-quality leather on the top edge of the cart for anti-wear and damage. Thickened canvas handles are installed on both sides to make it easy to lift and pull the laundry cart.
- :: Brake casters for smooth movement: four 2-inch PP casters are installed at the bottom of the frame. The super load-bearing casters have no fear of wear and tear and allow 360 degrees rotation at will. The brake casters make it more convenient to use the basket.

PRODUCT SPECIFICATIONS

SKU	Product Name	Product Size (mm)	Material	Net Weight (kg)
33.36.16000100	Canvas Laundry Basket with Wheels	460*460*530	Iron Spraying+100% Cotton Canvas Fabric	4.5

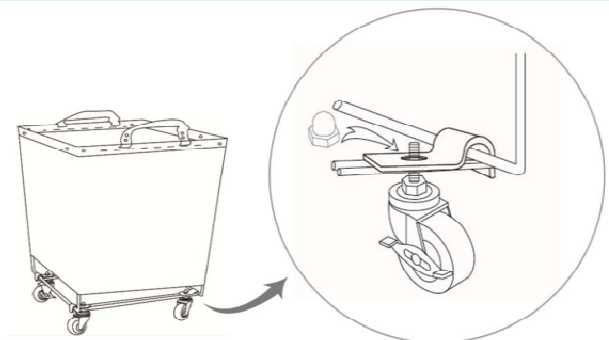

NOTES FOR ORDERING

- :: Package is two pieces per carton.
- :: The laundry basket frame and canvas bag are integrated and not detachable. The casters should be assembled separately.

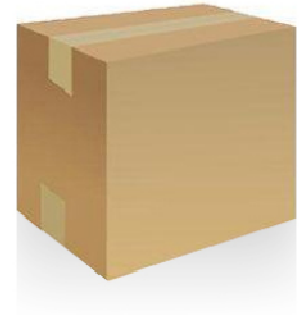

INSTALLATION GUIDE

Connect the laundry basket frame to the caster with the connector and fix it with the M6 nut as shown below. It is recommended that casters with brakes be mounted diagonally.
