

Wall-Mounted Ironing Board

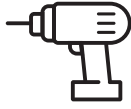

Mounting Instructions

Note: Install into a reinforced wall only. **DO NOT INSTALL DIRECTLY INTO DRYWALL.**

Materials and tools

1. Marker

2. Electric drill

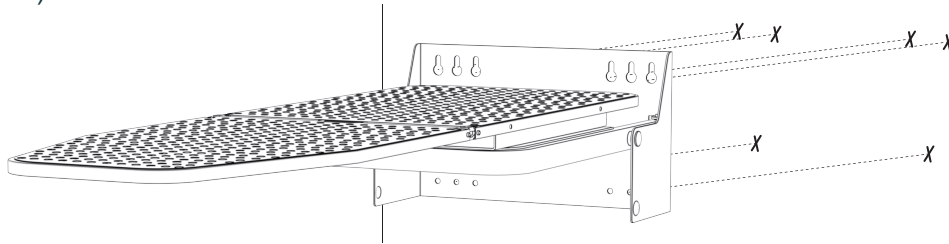

3. Self-tapping screws 5 × 50: 6 pcs

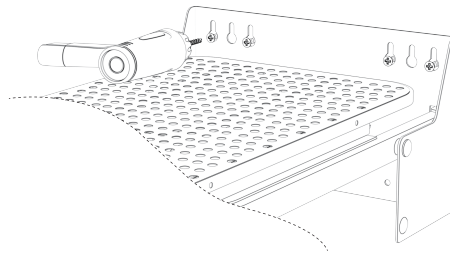

4. Plastic wall plugs 10 × 40: 6 pcs

Installation

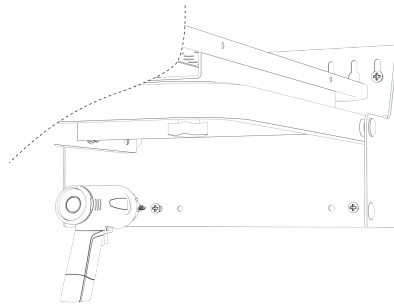

Step 1 Hold the ironing board base in the desired location and mark the top 4 holes and the bottom 2 holes. (This step requires 2 people.)

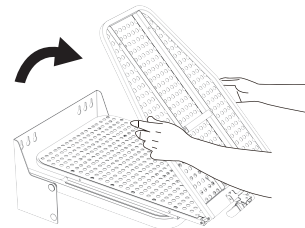

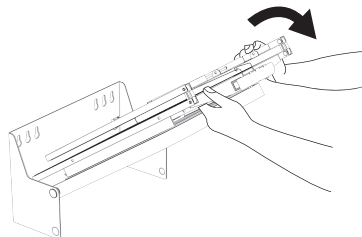

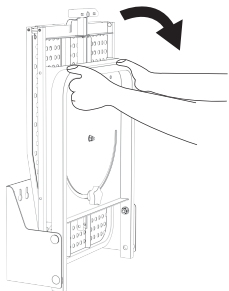

Step 2 Drive the top 4 screws into the marked spots 3/4 of the way in, mount the ironing board, then finish tightening the screws.

Step 3 Install screws into the holes at the bottom of the ironing board base.

Fold and unfold the board

Loosen the adjustment wheel under the ironing board to rotate the board, then tighten it to lock the board in place.
